THE BOILER EXPLODED

It Wrecks a Three-Story Building
Causing Many Deaths.

TWENTY-SEVEN DEAD

There Are Twenty-Five Persons in the Hospitals, Some Seriously Hurt and Eighteen Men and Boys Still Unaccounted For.

Detroit, Nov. 27.—Twenty-seven men are dead, five of them unidentified and so terribly burned and blackened that identification is almost impossible and 25 other men are lying in the various hospitals of the city suffering from terrible cuts and burns and other injuries, all the results of the explosion of one of the boilers in the Penberthy Injector company's large plant in this city.

In addition to these dozen or more employees who suffered comparatively slight injuries, aside from the shock were taken directly to their homes. Eighteen men and boys have not as yet been located either at their homes or at the hospitals. The five unidentified bodies account for five unidentified and the officers of the company say they feel positive that the major portion of the remaining thirteen are at their homes.

A great force of men is searching the ruins and the work will not be stopped until every foot of debris has been examined. The Penberthy Injector company's plant occupied half a square at the corner of Abbot street and Brooklyn avenue. It was composed of two brick buildings separated by a sixteen foot alley. The rear building in which the boiler was located and which was completely destroyed, was three stories in height, 54 feet in depth and 100 feet in width. The boiler room was on the first floor.

The first floor was utilized as the engine and boiler room and a room for testing the output of the plant. The finishing and grass manufacturing department was located in the second floor and the third floor was devoted to the foundry.

It is said that not over 85 men were at work in the various departments of this building when the explosion occurred.

There were four boilers in the plant, two horizontal ones which furnished steam for the engines and two vertical boilers which were used solely to test injectors. It was the horizontal boiler that was in use on Tuesday, which let go and caused the awful loss of life.

The awful crash came without the slightest warning. Those in the front of the building said it seemed like the concussion of an immense cannon. The floors and roof of the rear building bulged upward, and then crashed down with their heavy loads of machinery and foundry apparatus. Walls, roofs and all dropped into a shapeless mass of debris. Windows in houses for a block were broken by the concussion and flying bricks filled the neighboring yards. A dense cloud of dust arose and as it settled, and was succeeded by denser clouds of smoke and steam, agonized cries began to come from the heap of tangled wood, metal and bricks. Those who were only partly buried frantically dug themselves out and then as energetically turned to digging for their comrades who were buried deeper. Flames broke out almost immediately and the horror of fire was added to the sufferings of the imprisoned ones.

Neighboring houses were turned into temporary hospitals, and those physicians who were in the vicinity eased the suffering ones as much as they were able. The first ambulances on the scene were totally inadequate to carry those who had already been extricated, and express wagons and similar vehicles were pressed into service.

While part of the firemen directed their efforts to the fire, the greater number seized axes and crowbars and began prying out the victims who could be seen or whose faint cries were audible.

In a comparatively short time all the laborers who could work to advantage were feverishly throwing and pulling the debris out into Brooklyn avenue.

Nothing is known as yet about the cause of the explosion. The boilers had been recently inspected and the engineer was known as one of the most careful and capable men in the city.

STILL SEARCHING.

The Number Increasing at Detroit and the Injured Are Improving.

Detroit, Nov. 27.—When day broke here a great force of men were still delving in the ruins of the Penberthy Injector company's plant, which was wrecked Tuesday by a boiler explosion, causing the loss of 28 lives. By morning the laborers had searched through the greater portion of the debris and were rapidly going through that part

which had not been inspected. Of those injured at the Emergency hospital Ignatius Brock and William Eggers died, making the total number of deaths 28. The officers of the company, after a careful search, announced that 18 of the men were still unaccounted for. Two unidentified bodies at the morgue account for two of the missing, and it is confidently believed the majority of the others will be located during the day. At the hospitals it was reported the injured were making excellent progress.

Mr. H. H. Jones, of Bryan, a good friend to the Enterprise, sent us this week a copy of the Bryan Eagle's Central Texas Fair edition, which was a hummer. It was a neatly printed paper and contained quite a number of interesting notices of Bryan's business men and industrial enterprises. Our thanks to Mr. Jones for his kindly remembrance of us.—Waxahachie Enterprise.

The Eagle will publish tomorrow an article from Professor Price, illustrated by half tones, showing the great success with which the A. and M. college cannery has been operated. Since the establishment of a cannery at Bryan is regarded as a necessity to the truck growing interests of the county, the Eagle hopes the article will have the thoughtful consideration of all.

AN INVALUABLE SERVICE.

Southern Pacific's Immigration Efforts to be Redoubled.

The Southern Pacific and its corps of energetic and patriotic officials are continually rendering invaluable service to the sections of the country through which the lines of that system pass and Texas has particularly experienced the good results of their efforts in the past. It seems the officials never tire of singing the praises of the grand old Lone Star State, and what is still more gratifying to citizens who delight in watching the progress of their commonwealth is the fact that those enterprising people are not content to simply sing—they act.

Mr. S. F. B. Morse, passenger traffic manager for the Atlantic system of the Southern Pacific and the Sunset-Central lines, when he returned to Houston headquarters Saturday, as usual, had good news to impart. The Southern Pacific has decided to create the position of general immigration agent for Louisiana and Texas, whose headquarters will be in Chicago, and whose sole charge shall be the upbuilding of the industrial wealth and population of the two states in question. Mr. Morse is now negotiating with one of the recognized masters of the immigration business in the country—a man who has within the past twelve months settled 10,000 people in a section of the country far less favored than the Southwest, and who believes himself that he can bring 20,000 new residents to the territory which has been offered him before he has been in harness a year.

The general passenger traffic manager expects to get definite news within the next few days regarding the decision reached by the gentleman he is after for the new position. Mr. Morse has been working for the establishment of such an office for years, and naturally feels much pleased at having secured his goal.

"There is no field which offers such inducements to homeseekers," said Mr. Morse when speaking on the subject, "as does the Southwest. There is no branch of agriculture which offers such returns as does the culture of rice. Last year there were 55,000 acres of rice planted in this state. This year there were 150,000 acres, and next year, it is safe to say there will be 250,000. Next year there will be 300,000 acres of rice planted in Louisiana, as against 250,000 this."

The Southern Pacific will receive within the next few weeks twenty new chair cars of the most modern and luxurious type. With the fifteen chair cars already in operation the road will be equipped from end to end with these modern cars.

"A BAGGAGE CHECK" COMPANY.

James T. Kelly and his Comedy Companions, in Matinee and Two Night Performances.

There are unmistakable signs of a land office business at the Grand opera house the latter part of this week, with the musical farce comedies of James T. Kelly and his deserving comedy company.

The relaxation from business cares that comes with the glad Thanksgiving time puts our people in a receptive mood to enjoy the healthful laughter induced by the clever antics of fun makers, and the musical numbers of up-to-date fancy.

That Mr. Kelly and his talented people will furnish such a stimulant can not be questioned. One has only to glance over the newspaper record of this company in order to be assured of an evening's unmitigated pleasure and pastime.

The opening bill, "Fun in a Boarding School," which is scheduled for Thursday (Thanksgiving) matinee, is in itself a cordial invitation to witness a conglomeration of nonsense, but it is a conglomeration of nonsense that can not fail to evoke favorable thoughts. "Fun in a Boarding School" is a masterpiece of amusement and of interest of

those who find it extremely difficult otherwise to banish the serious problems which vex and annoy every day life. The same bill will be presented Thursday night.

The bill for Friday night is "A Victim of Circumstances," the title of which conveys the curious and comical side of human nature, and brings forward the amusing perplexities of mistaken identity.

This company have been playing in the larger cities of the state, as newspaper readers are aware, to large and appreciative audiences. Mr. Mike has booked them here at popular prices—25, 35 and 50 cents, and tickets are now on sale. If you wait until the last day you will perhaps not have your choice of seats, for the tickets will go like hot cakes when the rush begins.

To Reduce Duty on Cuban Sugar.

Washington, Nov. 27.—President Roosevelt in his message to congress will recommend the advisability of reducing the duty on Cuban sugar in return for trade concessions when independent.

Denison, Tex., Nov. 27.—A telephone message from Tishomingo, I. T., brings news of the shooting of James Wadkins, the national jailer, by City Marshal Vannoy. Wadkins, with a party of friends, was boisterous and City Marshal Vannoy and Peter Mickel, night watchman, tried to get him to go home. Instead of heeding their advice Wadkins drew from his coat pocket a knife and made an assault on Vannoy and Mickel. Vannoy made an unsuccessful attempt to disarm the frenzied man. In self-defense the marshal finally shot the man.

Irish Patriot Dead.

Chicago, Nov. 27.—Martin Hogan, the Irish patriot, who has been lying at the county hospital some days, died Tuesday, aged 93 years. Hogan together with others interested in the Fenian movement were convicted of treason in 1866 and transported to Australia. In 1869 Hogan and his companions, excepting John Boyle O'Reilly who had previously escaped were rescued by a boat which had been fitted out for the purpose by Irish sympathizers.

An Outlaw Captured.

Nogales, Ariz., Nov. 27.—James Alvord, the outlaw who assisted in the Cochise and Fairbanks robberies while Southern Pacific has been killed while trying to build up a messenger with the payroll of the Sonora Mining company at Tubutama, Sonora. Two men, one a Mexican and the other an American, attempted to stop Alvord, the carrier of the money. Alvord recovered the money and shot him. Alvord was shot twice, but escaped with the money.

Booker will not eat dinner at the White House today.

Lots of turkeys and oysters are required to make the American people thankful.

It is said the democrats in congress are going to stand for tariff reduction, retrenchment in expenditures, suppression and control of the trusts and the reduction of the war taxes. The attitude of the democratic members on the Philippine question will be determined by caucus.

Hon. Clem Studebaker, president and one of the founders of the Studebaker Bros. manufacturing company, and also prominent in politics, died yesterday at his home at South Bend, Indiana. The announcement was made by a telegram received by Mr. J. A. Myers yesterday afternoon.

Mr. H. H. Jones, of Bryan, a good friend to the Enterprise, sent us this week a copy of the Bryan Eagle's Central Texas Fair edition, which was a hummer. It was a neatly printed paper and contained quite a number of interesting notices of Bryan's business men and industrial enterprises. Our thanks to Mr. Jones for his kindly remembrance of us.—Waxahachie Enterprise.

The Eagle will publish tomorrow an article from Professor Price, illustrated by half tones, showing the great success with which the A. and M. college cannery has been operated. Since the establishment of a cannery at Bryan is regarded as a necessity to the truck growing interests of the county, the Eagle hopes the article will have the thoughtful consideration of all.

AN INVALUABLE SERVICE.

Southern Pacific's Immigration Efforts to be Redoubled.

The Southern Pacific and its corps of energetic and patriotic officials are continually rendering invaluable service to the sections of the country through which the lines of that system pass and Texas has particularly experienced the good results of their efforts in the past. It seems the officials never tire of singing the praises of the grand old Lone Star State, and what is still more gratifying to citizens who delight in watching the progress of their commonwealth is the fact that those enterprising people are not content to simply sing—they act.

Mr. S. F. B. Morse, passenger traffic manager for the Atlantic system of the Southern Pacific and the Sunset-Central lines, when he returned to Houston headquarters Saturday, as usual, had good news to impart. The Southern Pacific has decided to create the position of general immigration agent for Louisiana and Texas, whose headquarters will be in Chicago, and whose sole charge shall be the upbuilding of the industrial wealth and population of the two states in question. Mr. Morse is now negotiating with one of the recognized masters of the immigration business in the country—a man who has within the past twelve months settled 10,000 people in a section of the country far less favored than the Southwest, and who believes himself that he can bring 20,000 new residents to the territory which has been offered him before he has been in harness a year.

The general passenger traffic manager expects to get definite news within the next few days regarding the decision reached by the gentleman he is after for the new position. Mr. Morse has been working for the establishment of such an office for years, and naturally feels much pleased at having secured his goal.

"There is no field which offers such inducements to homeseekers," said Mr. Morse when speaking on the subject, "as does the Southwest. There is no branch of agriculture which offers such returns as does the culture of rice. Last year there were 55,000 acres of rice planted in this state. This year there were 150,000 acres, and next year, it is safe to say there will be 250,000. Next year there will be 300,000 acres of rice planted in Louisiana, as against 250,000 this."

The Southern Pacific will receive within the next few weeks twenty new chair cars of the most modern and luxurious type. With the fifteen chair cars already in operation the road will be equipped from end to end with these modern cars.

"A BAGGAGE CHECK" COMPANY.

James T. Kelly and his Comedy Companions, in Matinee and Two Night Performances.

There are unmistakable signs of a land office business at the Grand opera house the latter part of this week, with the musical farce comedies of James T. Kelly and his deserving comedy company.

The relaxation from business cares that comes with the glad Thanksgiving time puts our people in a receptive mood to enjoy the healthful laughter induced by the clever antics of fun makers, and the musical numbers of up-to-date fancy.

That Mr. Kelly and his talented people will furnish such a stimulant can not be questioned. One has only to glance over the newspaper record of this company in order to be assured of an evening's unmitigated pleasure and pastime.

The opening bill, "Fun in a Boarding School," which is scheduled for Thursday (Thanksgiving) matinee, is in itself a cordial invitation to witness a conglomeration of nonsense, but all of it is so enjoyable that it is a pleasure to see it. The "School" is a school of amusement and the interest of

those who find it extremely difficult otherwise to banish the serious problems which vex and annoy every day life. The same bill will be presented Thursday night.

The bill for Friday night is "A Victim of Circumstances," the title of which conveys the curious and comical side of human nature, and brings forward the amusing perplexities of mistaken identity.

This company have been playing in the larger cities of the state, as newspaper readers are aware, to large and appreciative audiences. Mr. Mike has booked them here at popular prices—25, 35 and 50 cents, and tickets are now on sale. If you wait until the last day you will perhaps not have your choice of seats, for the tickets will go like hot cakes when the rush begins. 307

Deputy Grand Dictator W. J. Hannah, of the Knights of Honor, called on the Eagle yesterday, being in the city in the interest of that order. Being an open meeting, members are especially requested to bring their friends with them.

The cities get up attractions at this season of the year in order to induce holiday purchasers from the smaller towns to visit them and buy their goods. The Eagle wants to say right here that the home merchants have stocks of holiday goods that will meet every demand, and they should have the preference. Going away to see the sights is all right, but going away to buy goods from people who do not contribute one cent to support the government and institutions of your home town is quite another thing.

Mr. Geo. Curtis, business manager of the popular Tolson-Miller Co., is in the city billing his attraction for two nights next week at the opera house, opening on Monday night with the romantic melodrama, "The Prisoner of Algiers," with its brilliant costumes and fine dramatic renditions; and on Tuesday night their own version, taken from Goethe's immortal lines, of the spectacular drama, "Faust," introducing special scenery of the vision, the broken scene and startling electrical effects. The company is strong and evenly balanced, and give a continuous performance by the introduction of first-class specialties. In spite of the extra expense attending these presentations, popular prices of 25c, 35c and 50c only will be charged. Remember the dates, December 2d and 3rd.

Curtis, business manager of the popular Tolson-Miller Co., is in the city billing his attraction for two nights next week at the opera house, opening on Monday night with the romantic melodrama, "The Prisoner of Algiers," with its brilliant costumes and fine dramatic renditions; and on Tuesday night their own version, taken from Goethe's immortal lines, of the spectacular drama, "Faust," introducing special scenery of the vision, the broken scene and startling electrical effects. The company is strong and evenly balanced, and give a continuous performance by the introduction of first-class specialties. In spite of the extra expense attending these presentations, popular prices of 25c, 35c and 50c only will be charged. Remember the dates, December 2d and 3rd.

EMPEROR IS BLAMED.

Kept European Nations from Inter- fering in Boer War.

AN ARTICLE OF REID

It Says The Kaiser Controlled the Ac-
tion of European Powers When
the United States Offered its
Good Offices for Peace.

New York, Nov. 27.—Concerning the
recent statements of Sir Wemyss Reid,
regarding the possibilities of interven-
tion in the Boer war, the Tribune's
London correspondent cables:
The high character of Sir Wemyss
Reid lends importance to the article in
the December Nineteenth Century, in
which he refers to the pressure
brought to bear by continental nations
on the United States to favor interven-
tion in the Boer war. Nothing has
been known in diplomatic circles about
any pressure of this kind, and Lord
Salisbury was ignorant on the ques-
tion, or he would not have referred in
his Guild Hall speech to the correct
attitude of the European powers dur-
ing this South African war. The di-
plomatic theory has been that the
German emperor had controlled the
action of the European powers, and
that the United States government at
the outset had gone as far as possible
in courteously offering its services as
a peacemaker, if these were required.
Sir Wemyss Reid's article is eagerly
taken up by the opponents of the war,
whose ammunition has been running
low, and is drawn chiefly from the
concentration camps.
He is a sincere, progressive Liberal
and a leading spirit of the Reform club.

Bulgaria Denies Responsibility.
Sofia, Nov. 27.—The government has
forwarded to C. M. Dickinson, the
United States diplomatic agent here,
who recently left for Constantinople, a
reply to his note of November 12, con-
cerning Miss Ellen M. Stone, the
American missionary. The note repudi-
ates the responsibility of Bulgaria,
and alleging officials had given every
assistance possible.

Mr. Tsilka Unhappy.
New York, Nov. 27.—"I have no idea
where my wife and Miss Stone are
now," said Gregory M. Tsilka. The
husband of the American missionary's
companion in captivity by the brig-
ands is in a state of wretched nervous-
ness and apprehension. "I have not
heard from my wife since October 27.
I believe that she and Miss Stone are
well, but they are suffering acutely
from the great cold and the storms in
the mountains. I do not expect under
the present circumstances that they
will be released for many weeks."

Mr. Tsilka has made a passionate ap-
peal to the state department to do
something definite with either the
Turkish or the Bulgarian governments
for the rescue of the captives.

Colombians Still Fighting.
Washington, Nov. 27.—Secretary
Long has received the following cable-
gram from Captain Perry, of the
Iowa: "Panama, Nov. 27.—Stubborn
fighting between the contending forces
Monday near San Pablo; delayed the
train, requiring prudence and pa-
tience. There will probably be fight-
ing to-day near Gatun. I have secur-
ed the assurances that firing shall
cease while the trains are passing.
Forty were wounded. The wounded
were brought in trains last night. All
cared for by Dr. Kindleberger."

Government Forces Successful.
Washington, Nov. 27.—A cablegram
received at the state department from
United States Consul General Guder, at
Panama, says: There was a good deal
of fighting Tuesday along the line in
which the government forces were gen-
erally successful. Trains were de-
layed.

Diplomatic Relations Ceased.
New York, Nov. 27.—According to
the Bogota, Colombia, correspondent
of the Herald, the Colombian govern-
ment has issued a decree declaring
that diplomatic relations with Vene-
zuela have ceased, and that the Colom-
bian legation in Caracas has been
withdrawn. Senor Concha, minister
of war, says that the government has
80,000 men armed for action.

Jumped Overboard.
London, Nov. 27.—Lawrie Marks,
well known in London sporting circles,
as American bookmaker, jumped over-
board from a channel steamer here
and was drowned. It is said detec-
tives wanted to interview Marks in
connection with the Liverpool bank
frauds. An injunction was granted in
the high court here to prevent the
withdrawal of large sums of money
standing in a London bank in the
name of Marks.
Lawrie Marks was a New Yorker.
He had been in London for two years
past, and was associated for years with
"Bigney" Michaels of New York.

Suicided in a Tree Top.
Louverne, Ala., Nov. 27.—W. J. Vann,
50 years old and married, was found
dead in a tree top by possum hunters
Tuesday night. He bought morphine
and strychnine on Monday, saying he
had family troubles and was going
away, so no one would ever hear from
him.

Thompson Acquitted.
Nov. 27.—Barney Thomp-
son, the murderer of Maud
18 years of age, last
body, was acquitted in
Scott's court here.

SITUATION SERIOUS.
Brotherhood of Trainmen Are Preparing
Scale of Wages for Railroads.
Pittsburg, Nov. 27.—While there
are no additions to the striking
switchmen here the situation is
more serious. P. H. Morrissey, grand
master of the Brotherhood of Train-
men, and Valentine Fitzpatrick, have
arrived in Pittsburg, and are now in
consultation with W. G. Lee, first vice-
grand master of the Brotherhood of
Trainmen, who has been in the city
several days. Developments that will
probably follow this meeting are ex-
pected will be of considerable more
importance than the present troubles.
It is reported that the Brotherhood of
Trainmen are preparing a scale for a
general increase in wages for presenta-
tion to all railroads entering this city,
and the consultation now in progress
will determine when this scale is to
be presented. Morrissey made a visit
to Pittsburg last week and held a con-
ference with the grievance committee
of the local lodges of trainmen and it
was agreed to prepare a uniform scale
and present it to all the lines in this
district. Trainmen are strongly or-
ganized and should their demands not
be granted it is believed they will be
able to more effectually blockade traf-
fic than the switchmen have.

PRESIDENT WAS WARNED.
Western Newspaper Man Told Him He
Had a Premonition.
Washington, Nov. 27.—George B.
Cortelyou, secretary to the president,
who was secretary to President Mc-
Kinley, recalled an interesting incident
when the proprietor of one of the big
western daily newspapers called at the
White House. The gentleman in ques-
tion had called on President McKin-
ley but a few days before he started
on his western trip. He was in con-
versation with the president for nearly
an hour, and declared that while he
had no definite information upon
which to base his feeling, yet he was
possessed with a premonition that
some direful calamity involving the
president was impending. He told
President McKinley of this, and the
president sent for Mr. Cortelyou and
the three talked the matter over. The
president felt no fear, and could not
accept the direful suggestions of his
caller. When the same gentleman was
at the White House last Saturday, Mr.
Cortelyou recalled the conversation,
and the fact that on the western trip
Mrs. McKinley became desperately ill,
and within a few months the president
himself was stricken down by an as-
sassin.

GOV. TOOLE'S ANSWER.
He Is Willing to Use All Legal Methods
to Prevent Consolidation.
Helena, Nov. 27.—Governor Toole
has replied to the invitation of Gov-
ernor Vasant of Minnesota to attend
a conference of governors of the
northwestern states to agree on con-
certed measures to prevent the conso-
lidation of railroads under the joint
ownership of the Northern Securities
company; Governor Toole said in
part:
"If you have rightly interpreted the
purpose of this organization as it re-
lates to the state of Minnesota there
would seem to be no doubt but that
such consolidation is a violation of the
spirit, if not the letter, of our consti-
tution. I am not sufficiently advised
at this time to indicate what remedies
are available to defeat this consoli-
dation and its purpose to control rates
and transportation in this state, but
whatever lawful methods are availa-
ble will be employed, and to that ex-
tent our co-operation may be relied
upon."

To Test the Dry Dock.
New Orleans, Nov. 27.—The battle-
ship Illinois, sent here to test the New
Orleans floating dock, passed safely
and easily through jetties at the
mouth of the river at daylight and is
proceeding up the river at a 9-mile
speed.

To Fight Chinese Exclusion Act.
San Francisco, Nov. 27.—Chen Kwei
Yui, special emissary of the Chinese
government, has arrived on the steam-
ship Doric. It is rumored that he is
here to bring about, if possible, the
defeat of the proposition to re-enact
the Chinese exclusion act.

Von Weltzien's Successor.
Berlin, Nov. 27.—The reichstag elect-
ed Count von Stolberg-Wernigerode to
be first vice president of the house,
succeeding Dr. Von Weltzien, who re-
signed.

Was Not the Purchaser.
London, Nov. 27.—William Waldorf
Astor authorizes the denial of the re-
port that he was the purchaser of Bat-
tle Abbey, sold at public auction.

Killed His Brother and Suicides.
Terrell, Tex., Nov. 27. double tragedy
occurred near McCoy. 12 miles north-
east of this city Tuesday. John Hurst
shot and instantly killed his brother,
W. E. Hurst, and then killed himself.
The two men occupied the same home
near McCoy. John Hurst, who did the
killing, was a bachelor about 50 years
old. W. E. Hurst was a widower about
55 years old and had three small chil-
dren. They went to McCoy early Tues-
day morning and bought some goods
and started home together in a wagon
with the children. Soon after start-
ing home they began quarreling, so the
children state, over a ring, when John
Hurst drew his pistol and killed his
brother and himself.

EMPEROR IS BLAMED.
Kept European Nations from Inter-
fering in Boer War,
AN ARTICLE OF REID
It Says The Kaiser Controlled the Ac-
tion of European Powers When
the United States Offered its
Good Offices for Peace.

New York, Nov. 27.—Concerning the
recent statements of Sir Wemyss Reid,
regarding the possibilities of interven-
tion in the Boer war, the Tribune's
London correspondent cables:
The high character of Sir Wemyss
Reid lends importance to the article in
the December Nineteenth Century, in
which he refers to the pressure
brought to bear by continental nations
on the United States to favor inter-
vention in the Boer war. Nothing has
been known in diplomatic circles about
any pressure of this kind, and Lord
Salisbury was ignorant on the ques-
tion, or he would not have referred in
his Guild Hall speech to the correct
attitude of the European powers dur-
ing this South African war. The di-
plomatic theory has been that the
German emperor had controlled the
action of the European powers, and
that the United States government at
the outset had gone as far as possible
in courteously offering its services as
a peacemaker, if these were required.
Sir Wemyss Reid's article is eagerly
taken up by the opponents of the war,
whose ammunition has been running
low, and is drawn chiefly from the
concentration camps.
He is a sincere, progressive Liberal
and a leading spirit of the Reform club.

Bulgaria Denies Responsibility.
Sofia, Nov. 27.—The government has
forwarded to C. M. Dickinson, the
United States diplomatic agent here,
who recently left for Constantinople, a
reply to his note of November 12, con-
cerning Miss Ellen M. Stone, the
American missionary. The note repudi-
ates the responsibility of Bulgaria,
and alleging officials had given every
assistance possible.

Mr. Tsilka Uneasy.
New York, Nov. 27.—"I have no idea
where my wife and Miss Stone are
now," said Gregory M. Tsilka. The
husband of the American missionary's
companion in captivity by the brig-
ands is in a state of wretched nervous-
ness and apprehension. "I have not
heard from my wife since October 27.
I believe that she and Miss Stone are
well, but they are suffering acutely
from the great cold and the storms in
the mountains. I do not expect under
the present circumstances that they
will be released for many weeks."
Mr. Tsilka has made a passionate ap-
peal to the state department to do
something definite with either the
Turkish or the Bulgarian governments
for the rescue of the captives.

Colombians Still Fighting.
Washington, Nov. 27.—Secretary
Long has received the following cable-
gram from Captain Perry, of the
Iowa: "Panama, Nov. 27.—Stubborn
fighting between the contending forces
Monday near San Pablo; delayed the
trains, requiring prudence and pa-
tience. There will probably be fight-
ing to-day near Gatun. I have secur-
ed the assurances that firing shall
cease while the trains are passing.
Forty were wounded. The wounded
were brought in trains last night. All
cared for by Dr. Kindelberger."

Government Forces Successful.
Washington, Nov. 27.—A cablegram
received at the state department from
United States Consul General Guder, at
Panama, says: "There was a good deal
of fighting Tuesday along the line in
which the government forces were gen-
erally successful. Trains were de-
layed."

Diplomatic Relations Censured.
New York, Nov. 27.—According to
the Bogota, Colombia, correspondent
of the Herald, the Colombian govern-
ment has issued a decree declaring
that diplomatic relations with Vene-
zuela have ceased, and that the Colom-
bian legation in Caracas has been
withdrawn. Senor Concha, minister
of war, says that the government has
80,000 men armed for action.

Jumped Overboard.
London, Nov. 27.—Lawrie Marks,
well known in London sporting circles,
as American bookmaker, jumped over-
board from a channel steamer here
and was drowned. It is said detec-
tives wanted to interview Marks in
connection with the Liverpool bank
frauds. An injunction was granted in
the high court here to prevent the
withdrawal of large sums of money
standing in a London bank in the
name of Marks.
Lawrie Marks was a New Yorker.
He had been in London for two years
past, and was associated for years with
"Bigney" Michaels of New York.

Suicided in a Tree Top.
Luverne, Ala., Nov. 27.—W. J. Vann,
50 years old and married, was found
dead in a tree top by possum hunters
Tuesday night. He bought morphine
and strychnine on Monday, saying he
had family troubles and was going
away; so no one would ever hear from
him.

Thompson Acquitted.
Nov. 27.—Barney Thomp-
son, charged with the murder of Maud
18 years of age, last
body, was acquitted in
Scott's court here.
